RE: 2025 Tentative Budget

Dear Legislators,

Enclosed for your review and consideration is the 2025 Tentative Budget for Jefferson County.

Thanks to the consistent vision and leadership of the Board of Legislators, your budget team is proud to deliver the fifth consecutive tax reduction for the residents and property owners of Jefferson County. In fact, the tax rate in 2025 will be the lowest on record in Jefferson County, at \$5.85 per \$1,000 of full assessed value. This represents a 20% reduction in the county tax burden since 2020. This is a strong record of accomplishment and prudent fiscal management that your new administrative team are eager to continue in 2025 and beyond.

Strong sales tax receipts, exceptional growth in the real property tax base, and the efficient delivery of essential services has allowed the County to continue its important mission in the community, while also conscientiously protecting the taxpayers. Importantly, this spending plan proposes zero cuts to essential services, zero cuts to personnel, and capital assets are being well-cared for with a robust investment in maintenance and upkeep.

Budget Summary - All Funds

County Tax Rate	6.14	5.85	-0.29	-4.7%

Even the most sensible organizations are susceptible to rising costs in this inflationary environment, and Jefferson County is no exception. Expenditures are projected to increase by 5.6%, driven largely by personnel, particularly employee fringe benefits, which have increased substantially since 2024. Fortunately, revenue growth is projected to increase 4.8%, offsetting most cost increases. Though sales tax growth has plateaued in recent months, interest earnings from the County’s fund balance is generating serious revenue with over \$6M projected in 2025.

COUNTY FUND ALLOCATION

The County Budget is comprised of ten funds, with the General Fund being by far the largest. All funds combined, the 2025 spending plan totals over \$324M.

Though the General Fund is the largest fund in terms of expenditures, the largest year-over-year percentage changes have taken place in the Health Insurance, Recycling & Solid Waste, Capital, and County Road funds, respectively.

Following is a summary of expenditures of the ten funds that comprise the Jefferson County Budget, with differences to prior year.

Expenditures by Fund

BUDGET HIGHLIGHTS

Fund Balance

The County will be relying more heavily on our fund balance in 2025, increasing the applied fund balance in the General Fund by \$2.3M to a total of \$12.7M. All funds are increasing over \$3M to \$17.2M. This is consistent with the Legislators’ vision to judiciously draw down the County’s General Fund balance in order to provide further relief to taxpayers. Notably, approximately 36% of the \$17M applied fund balance represents one-time expenditures that improve County

operational efficiency without increasing the operational burden on taxpayers in future years. These are smart one-time investments that can be pared-back in future years should the County’s financial situation decline. This strategy also protects the County from being too reliant on fund balance appropriations to cover operational expenditures: a risk that can lead to long-term financial instability, and one we are keen to avoid.

The one-time fund balance appropriation items over \$100,000 are listed below:

Fund	Department	Item	Dollars

State Mandates

State mandated programs continue to drive the vast majority of property tax levies across local governments in New York State. Jefferson County is no exception. In 2025, programs mandated by the State of New York will account for over 68% of the County’s property tax levy.

The largest of these mandated programs is, of course, Medicaid. The Medicaid situation in New York State is immensely troubling to Counties, which are forced to share the financial burden of this program. Medicaid expenditures in New York State have nearly doubled in the last ten years, and are projected to double again over the next ten years.

Despite having no control over program eligibility or administration, counties in New York are required to provide a local match for Medicaid. As the State’s commitment to Medicaid grows, the County’s commitment grows with it. This year, the County’s contribution to the State’s Medicaid program will increase \$356,000, bringing the County’s total Medicaid contribution to \$20.6M.

Fortunately, the State has implemented a statutory limit, or “Medicaid Cap” on County Medicaid expenditures. In Jefferson County, this cap is \$20.6M. You will notice that while the County

enjoyed temporary relief due to the now expired enhanced Federal Medicaid Assistance Percentage (eFMAP) savings, we are now to the point of realizing our full statutory limit.

A full breakdown of the County's commitment to mandated programs can be found in Table One.

Personnel

The County's human resources remain our most important, and most expensive asset. Personnel management is critical to maintaining long-term financial stability. This year, fringe benefit costs are projected to increase rather dramatically. The County's contribution to the State's Public Employee Retirement System is projected to increase \$1.2M or 19%. This increase is due to relatively weak investment returns on the State's public employee pension fund over the last twelve months.

Similarly, the County's health insurance expenditures are continuing to increase. Compared to the 2024 Adopted Budget, expenditures for health insurance have increased 10%, adding an additional \$2.6M to the budget. To help ease this dramatic increase, we are recommending the appropriation of \$882,000 from the Health Insurance fund balance in 2025. Despite these increases, there are opportunities on the horizon to better control these costs. The County is eager to bring a new health insurance consultant on board in 2025, and will likely seek proposals for our primary insurance coverage as well. We are hopeful that these initiatives will uncover fresh ideas and new cost-saving opportunities, while maintaining the excellent coverage our employees and their families have come to depend on.

Despite the rising costs of employee benefits, Jefferson County has a strong tradition of limiting personnel growth to only those positions that are essential to our organization's mission. Personnel additions should be carefully scrutinized not because of their one-year budget impact, but because new positions are often a 30-year budget commitment. To that end, Jefferson County has less positions today than 12 years ago in 2013. A full historical breakdown of County employment can be found in Table Six.

This year, department heads have requested nearly \$1.36M in additional positions. The tentative spending plan includes \$417,000 in additional expenditures, yet due to secured revenue for some of these positions, the cost to Jefferson County is just \$147,000. Approved Position changes are listed on the next page.

Though we work hard to contain the County's personnel spending, we recognize that there is very little, if anything, we could accomplish without our fantastic employees, and the expert public service they provide to our community. This year's spending plan includes two new investments in the success of our employees. The first is the integration of an Employee Assistance Program (EAP). This program will engage with our employees to ensure they have all the tools they need to be successful with the County at work, and at home. Secondly, this spending plan includes \$10,000 specifically for employee appreciation initiatives. This is an area that Administration is eager to work with our colleagues to grow and ensure that we are doing all that we can to show our appreciation for our talented County workforce.

Sales Tax

The County has experienced robust sales tax growth in recent years. This important revenue stream has been one of the most critical factors in our ability to contain property taxes. Sales tax, however, is dictated by macroeconomic conditions that are outside the control of Jefferson County. The spending habits of residents and visitors in Jefferson County are difficult to predict, and sales tax can be a volatile revenue source at times. Jefferson County has a long tradition of cautiously estimating sales tax revenue, and we are eager to apply that philosophy again in 2025.

The 2025 spending plan will depend on \$97.7M in County sales tax collection, an increase of \$1.9M, which accounts for a net additional revenue to the County of \$919,000 after distribution to municipalities. This estimate projects modest growth in sales tax receipts, recognizing that the years of strong growth driven by the addition of internet sales has likely been tapped, and a return to more historical growth trends are likely. Please refer to Table 3 in the Budget Summary for an historical breakdown of County sales tax receipts.

Capital Investments

As aforementioned, the proposed spending plan also includes substantial investment in the County’s physical assets. Investing in preventative maintenance across the County’s sprawling physical plant is essential to controlling expenditures in future years. This year’s budget includes several projects that will ensure all county assets are properly maintained, and that our capital investments are not quietly piling up for future years.

The County’s investment in Watertown International Airport will continue in 2025 with the completion of the terminal, air bridge, and restaurant conversion project. This is a transformative project that will secure the future of air travel in our community for years to come. Project completion is projected for the fall of 2025.

Similarly, the new Highway Administration Building will come to completion in 2025. This was a smart investment in the highway department campus, and one that addresses one of the County's most pressing facility needs.

Also included is nearly \$1.7M in facility investments. Parking lot paving at the County Office Building is on the docket for \$275,000. At the Human Services Building, security improvements are planned, along with \$100,000 for mechanical and plumbing upgrades. \$40,000 has been set aside for the design of the much-needed garage expansion project at the Public Safety Building, which will also receive a new front parking lot and building signage.

Significant investment will continue in the replacement of aging equipment, including over \$1.5 million in Highway machinery and equipment.

The County's full six-year capital plan can be found in Appendix F of the enclosed budget document.

CONCLUDING REMARKS

If you believe in the mission of public service, as I do, it is easy to be inspired by all the excellent opportunities and projects in front of us in 2025. The goal of any local government is to invest in the future of our community, take care of our public servants, take care of our assets and infrastructure, while still containing the burden on taxpayers. This is something Jefferson County has been able to do year after year, decade after decade.

Fiscal responsibility is a principal value of the Board of Legislators, and your leadership clearly permeates to the core of the County's organizational culture. By and large, our departments make modest requests, and approach spending with the same down-home prudence of many Jefferson County households.

This approach to government administration does not happen spontaneously, it requires consistent leadership and vision. To that end, I would be remiss not to mention the obvious: for the first time in 28 years, the annual spending plan for Jefferson County will be submitted and endorsed by someone other than Robert F. Hagemann, III.

Whatever we are able to accomplish over the next year, we are able to do so because of Bob's practical, measured, skilled, and thrifty approach to financial leadership. To Bob, we offer our sincere thank you for your public service to Jefferson County. If it's just the same to you, we'll continue to keep you and Sarah on speed dial for the next couple of years!

Lastly, I would like to extend a sincere thank you to the County's budget team. Deputy County Administrator Dylan Soper served as Interim County Administrator during the vast majority of this budget process. For all intents and purposes, Dylan is the Budget Officer of the 2025 Budget; this document is the result of his leadership, vision, and diligence. Budget Analyst, Ashley Durham, played a crucial role in assembling this program. Ashley is the *Master of Munis*, handling, among other things, the personnel budget, which is by far the most complicated aspect of any spending plan. We are also immensely thankful for the institutional knowledge of Sarah Baldwin who was so generous with her time this summer. Jill Jones – I'm new, but I've been here long

enough to know this office would be utterly lost without you! And to the newest member of our team, Jaimie Lee, welcome to the joys of municipal budgeting!

The 2025 Jefferson County budget is respectfully submitted for public comment and legislative approval.

Sincerely,

A handwritten signature in black ink that reads "Ryan Piche". The signature is written in a cursive style with a large, looped initial "R".

County Administrator

BUDGET SUMMARY

Given that the County is largely a service driven organization, two of the biggest cost factors are contractually negotiated salary increases and employee benefit costs. These costs are largely uncontrollable given the level of staff necessary to provide the daily operations of County government. While there are a few areas of optional services provided, the vast majority of operations are mandated by the state government.

The County has four major revenue streams, those being federal aid, state aid, sales tax, and property taxes. In the last couple years, State and federal aid have seen some increases mostly attributable to stimulus funding. For 2025 the County has done its best to keep services at a high level and control costs; along with considering appropriation of fund balance in order to comply with Fund Balance Policy and relief to taxpayers.

State Mandates

As with previous budgets, State and Federal program mandates continue to drive Jefferson County's budget. Table 1 has been provided to give the Board a flavor (though not a complete list) of the type of mandates required by the State and Federal governments and the costs associated with the County's compliance. As Table 1 shows, State Mandated costs add up to approximately 67.9% of the total Jefferson County Tax Levy. That leaves approximately 32.1% or around \$20.7 million of property tax dollars to spend on County determined activities. These County related activities include important activities such as maintaining our roads and bridges, the Sheriff's road patrol, services such as local community college, and important economic development activities. **Without the State Mandated cost, the tax levy could theoretically be as little as \$1.88 per \$1,000 of assessed value.** The difference of \$43.7 million could go toward important things like road and bridge projects or other beneficial activities for County residents.

State and Federal Aid

In combination with Table 1 on State Mandates, Tables 2 and 2-B further illustrate one of the biggest problems facing Jefferson County, as with County governments across the State. Over the past few years combined State and Federal Aid have varied quite a bit. This provides a challenging exercise to plan for ‘new normal’ funding levels.

Sales Tax

As indicated in Table 3, 2023 sales subject to sales tax increased by 3.0% or \$76.2 million over what was received in 2022. This increase was welcomed, and was beyond expectation – reflecting continuing changes in consumer behavior. 2024’s figures appear to be trending at a flatter rate, and the forecast for 2025 is yet more uncertain, and even projected below prior year actuals according to the New York State Association of Counties (NYSAC).

Since the State has instituted sales tax on internet sales from other states, the amount of money collected from the additional internet sales still remains unclear at this time though it appears to be having a positive impact that will hopefully continue to enhance County sales tax collections.

Social Services

As indicated by Table 5, Temporary Assistance caseloads have been decreasing but are expected to rise slightly into 2025, whereas Food Stamp cases continue to rise slow and steady. Medicaid cases have started to decrease back to pre-COVID pandemic levels; although certain case types that had originally transitioned to the New York State of Health (Exchange) have now been transitioned back to the County to handle. Social Services continue to be a top unfunded mandate and put a strain on where disposable County dollars can be spent. When people become ineligible for Federal benefits, the State still picks them up and shifts costs to Counties. Nonetheless, the department continues to maximize efficiency through continued use of technological improvements and reorganization and/or elimination of staff.

County Workforce

Consistently over the years, there has been a conscious effort to limit the growth of the County workforce through attrition and by limiting creation of new positions or keeping average the total number of employees. Through the dedication and hard work of its employees and improvements in efficiency and technology, the County has been able to continue operations to provide the same or better level of service to its residents.

For a variety of reasons, several position adjustments are recommended for 2025. The County is recommending an additional part-time criminal investigator in the DA's office to address increased DSS needs; two Assistant PD's in the Public Defender's office to comply with required caseload standards; a Chief Accountant in the Treasurer's office and an account clerk in Auditing; an Emergency Management Planner in Fire & EMO; an Airport Maintenance Mechanic at Airport and a part-time Services for the Aging Specialist at OFA for operational needs. There are four recommended upgrades to adjust workers to the expected quality of service to their departments. There is also one deleted position due to changing workload requirements. Five positions were created by resolution outside the budget process since the adoption of the 2024 Budget and are included in the numbers on the next page.

The annual payroll projected for the 2025 fiscal year will equal approximately \$54.2 million as indicated in Table 7. This is an increase over last year due in part to new positions but also due to contractual salary increases. The Sheriff Deputies and Corrections contracts are in place for 2025; the current CSEA union contract expires December 31, 2024.

Table 7

Retirement

The County for the last several years has seen some incremental increases and decreases in costs for retirement; with a high in 2021 of 16.2% of payroll cost, on average. It then dipped to 11.6% for 2022 and is similar in 2023 and 2024; and is estimated to be 14.8% of payroll costs, on average, in 2025. The retirement payment continues to be an uncontrollable cost in the budget as New York State, not Jefferson County, has control over all aspects of the retirement system.

Health Benefits

Since 2020, the County had seen significant cost increases, with 2023 having leveled off. However, 2024 has been increasing steeply and is anticipated to significantly exceed budget; which is driving an increase in 2025's budget including the first time use of fund balance. In all, health benefit costs remain very difficult to predict especially given the fact that even a few extreme cases can result in a large cost. Also, the number of retirees has been increasing rapidly in the past few years and that will continue into the foreseeable future.

Fund Balance

The County adopted a Fund Balance Policy targeting General Fund balance of two months' operating expenses (or 1/6th of general fund appropriations not including funds appropriated or encumbered, minus sales tax distributed to the local municipalities, per GASB 54). Table 9 presents the fund balance policy results for 2022 and 2023.

From 2016 to 2018, the County made every effort to rebuild the fund balance, which had achieved the minimum level of the policy in 2018. In the subsequent years, the County had improved on and stayed within the Fund Balance Policy. Beginning in 2021, a combination of factors led to a fund balance higher than policy – which was addressed beginning with the adoption of 2023’s Budget, continued in 2024, and continuing into 2025 with the use of \$6.2M for one-time items and \$17.2 overall, to comply with policy.

Table 9

Real Property Tax Base

Jefferson County continues to experience increases in its tax base; however, the growth is less steep compared to last year. Table 10 depicts the history of the total taxable value and the full value tax base in the County. The equalized value increased \$623 million or 5.99% to \$11,020,138,132. New construction and revaluation as indicated in Table 11, resulted in nearly \$239 million increase or 2.75% growth in taxable value.

Table 1

Constitutional Tax Limit

The Constitutional Tax Limit is the amount of funds the County can raise in property taxes. As required by the State Constitution, this amounts to 1.5% of the five year average full value of taxable real estate in the County (with some specified items excluded). Table 12 depicts the history of Jefferson County's use of its tax limit as well as the resulting tax margins. The County continues in a good position with consistently being under 50% of its taxing power.

Table 13

Overall, Jefferson County continues to provide a solid level of service while at the same time keeping costs and the associated tax increases to a minimal level. While there is always a desire to increase services for residents there is also a recognition of the costs that are associated with providing those services. Ideally, if the County wasn't as burdened with paying for State programs, increased services and decreased taxes could be achieved more easily. The County continues to maximize resources to ensure services are delivered in an efficient and effective manner.

The next group of four charts gives a summary of overall County Budget spending and comparison to the last several years. Following that are the individual departmental budgets.

BUDGET AREA: General Revenues

DESCRIPTION: This area of the budget reflects the general revenues of the budget which are unaffiliated with any particular operating unit of the County. Following is a brief explanation of the revenue line items:

Real Property Taxes: This represents the amount of funds to be levied on an ad valorem basis as the County Property Tax for the ensuing year.

Gain on Tax Acquired Properties: This represented the amount realized by the County's annual auction of foreclosed properties. It has been zeroed out as a result of the 2023 Supreme Court ruling re: Hennepin County that municipalities cannot keep surplus funds from tax lien foreclosure sales.

Payments in Lieu of Taxes: This account reflects monies which are paid to the County by property owners who are otherwise exempt from real property taxation. Primary among these groups are properties owned by the Jefferson County Industrial Development Agency, the Watertown Housing Authority and Limited Profit Housing ventures. Changes in tax rates add an element of uncertainty in projecting this revenue item.

Interest and Penalties on Real Property Taxes: This represents the interest and penalties which are charged for payment of delinquent taxes. The interest rates and penalty charges are determined in accordance with law. Changes in State law regarding enforcement of delinquent taxes and the ongoing success of the County sponsored tax collection cooperative would potentially impact this revenue in the next few years.

Installment Administrative Fee: The County offers an installment program for the payment of real property taxes. The County charges an administrative fee for this program to recover the County's expenses, which totals the amount shown.

State Administered Sales Tax: This reflects the amount of funds estimated to be received by the County derived from the 4% County portion of the 8% State administered Sales and Compensating Use Tax. The County retains 47% of the entire 4% in accordance with an agreement with the City of Watertown.

Tobacco Settlement Money: This amount is the estimated annual payment to the County based on the 1998 nationwide settlement with the major tobacco companies (known as the Master Settlement Agreement). Payments began in 2000.

Interest & Earnings: This amount is the estimated revenue from County investments.

Refund of Prior Years Expenses: This represents monies which are repaid to the County for mistaken payments of expenses in prior years. This account is used to record receipt of refunds of prior years' expenditures and the cancellation of checks issued in prior years. Due to the inconsistency of activity in this account a conservative estimate is used.

DEPARTMENT: District Attorney

DIVISIONS: DWI, TCI, Drug Task Force

DESCRIPTION: The District Attorney is selected by the County electorate for four-year terms. The powers of this elected office are drawn from the New York State County Law (Sections 700 and following), Criminal Procedure Law and Penal Law. The District Attorney is responsible for the prosecution of all violations of state law occurring within the boundaries of the County. Currently this includes but is not limited to the prosecution of violations of the New York State Penal, Alcoholic Beverage Control, Agriculture and Markets, Social Services, Vehicle and Traffic, Parks and Recreation, Navigation, Tax and Environmental Conservation Laws, as well as municipal ordinances. The office currently delegates prosecution of municipal ordinances to the municipalities' attorneys, and shares jurisdiction over prosecution of members of the military who violate the above referenced laws.

Attorneys are assigned prosecution duties based on the geographical jurisdiction where the incident occurred and further based on his or her level of prosecutorial experience and ability. Assistant District Attorneys are assigned to prosecute all misdemeanor, violation and traffic offense cases being heard in specific Town and Village Justice Courts and Watertown City Court. Felony cases to be prosecuted in Jefferson County Court are assigned to individual attorneys based largely on experience, ability and familiarity or specialization in particular prosecution areas.

The legal staff of the District Attorney's Office also prosecutes the various post-conviction motions and appeals filed by defendants in the appellate courts, as well as Sex Offender Risk Assessment hearings for convicted sexual offenders who are released into our community after incarceration or who move here from another jurisdiction and are required to register. These post-conviction prosecutions include the preparation and filing of documents and personal appearances for appropriate arguments in Jefferson County Court, the Appellate Division, Fourth Department in Rochester, New York and the Court of Appeals in Albany, New York. New case numbers are not taken on post-conviction prosecutions so those numbers are not reflected in the total caseload.

INDICATORS:	2021	2022	2023	EST. 2024	EST. 2025
County Court Felonies	637	624	659	700	680

Total	9,004	8,604	9114	9364	9230

The numbers cited above do not include appellate filings, post-judgment motions, sex offender registration hearings, or re-sentencing proceedings where the case originated in this county (violation of probation or conditional discharge cases). In addition, in certain instances, one felony file may be opened against a named defendant even though the defendant allegedly committed crimes against more than one victim.

DEPARTMENT: Board of Elections

DIVISIONS: None

DESCRIPTION: New York State requires all counties to create a board of elections (Election Law '3-200) for the purpose of administering orderly, timely and fair elections and all related activities. The office holds public elections for all federal, state, county, city and town races and for almost all of the villages in the county.

The Jefferson County Board of Elections dates back to 1911. It consists of a bipartisan team of commissioners, two deputy commissioners, two voting machine technicians, and two registration clerks. The county Democratic and Republican parties oversee all appointments.

Since 2009, the Board of Elections has used optical scanners to conduct public elections. This system replaced the lever voting machines that had been in use since World War I.

DESCRIPTION: The Buildings and Grounds Department is responsible for the general maintenance, overall upkeep and security of County owned buildings and grounds with the exception of Jefferson Community College. Established by Local Law No. 2 of 1993, the department has evolved into a full service, nearly self-sufficient department performing all HVAC repairs and mid-size renovation projects as well as preventive/general maintenance. Security is provided to our buildings seven days a week via fixed post guards during the day and roving watchmen at night. The unique role of this department is unlike any other. The Buildings and Grounds Department works very closely with every other County department by making repairs, performing renovations which often increase operational efficiency, as well as keeping all aspects of our building's heating/air conditioning, plumbing, electrical, alarm, security and access control systems operational to provide a clean and comfortable environment for employees and the general public. The department also serves as custodian of the Capital Plan as it pertains to the improvement of County owned buildings and grounds.

BUDGET AREA: Special Items

DESCRIPTION: This area of the budget reflects miscellaneous expenditure items which are unaffiliated with any particular operating unit.

Informa Pauperis Proceeding: Under certain extremely limited circumstances the County is required to pay for the cost of certain legal expenses incurred with an action brought by an indigent person in the State Prison system.

Village PILOT Payments: Payments of a portion of the taxes on certain off post 801 Army housing projects are made to certain villages pursuant to a negotiated agreement with those villages. These payments are in lieu of a portion of cumulative final payments due from the developers of the 801 projects which the villages will forego to the County. The amount of these payments is based upon the terms of existing contracts as well as other variable factors such as property tax rates.

Refund of Real Estate Taxes: The County is liable for repayment of real property taxes in cases when it is determined by a Court or administrative review that a property owner is over assessed. Claims for refunds currently in process in the court system are estimated at close to \$1 million (without interest).

Contingent Account: Under provisions of Article 7 of the County Law the County may include within its budget a general contingent account for unforeseen expenses. The account is limited to \$35,000 plus 3% of the total appropriations in the General Fund net of the amount budgeted to pay for debt service.

DEPARTMENT: Sheriff

DIVISIONS: Corrections
Law Enforcement
Civil

DESCRIPTION: The office of Sheriff is provided for in the New York State Constitution. The Sheriff is elected by Jefferson County voters to a term of 4 years. There are three distinct divisions of the Sheriff's responsibility - Corrections, Law Enforcement and Civil. The Civil Office has legally obligated responsibilities handed down by courts and financial institutions, among other processes and enforcements. The Civil Office is a source of revenue for the Sheriff's Office and for the County. The Corrections Division safely houses and supervises convicted criminals and those charged and awaiting court action. Corrections staff transports inmates to court and medical appointments and occasionally to other facilities. They have the awesome responsibility of maintaining order in a sometimes violent and dangerous atmosphere while treating inmates with humanity and compassion in compliance with regulating agency - NYS Commission of Corrections. The Enforcement branch of the Sheriff's Office consists of the Deputies and Detectives who are the direct connection to the public we serve. They assist the public in a huge variety of ways ranging from vehicle accidents to violent felony warrant arrests. They are on duty answering calls for service every day and night, every day of the year. The Sheriff's Office also provides security to the Watertown International Airport which is partially reimbursed by the Transportation Security Administration.

DEPARTMENT: Probation

DIVISIONS: Family Court Unit
Investigation Unit
Adult Supervision Unit

DESCRIPTION: The Jefferson County Probation Department is a criminal and juvenile justice agency designed to protect our community while reducing recidivism by providing six (6) basic services: Family Court Intake, Criminal Court Investigation, Pre-trial Release, Stop-DWI Program, Conditional Discharge Ignition Interlock Monitoring and the Supervision of juveniles and adults who have been sentenced to various terms of probation by the courts. The authority to carry out these functions is granted by Article 12-A, section 256 of the NYS Executive Law, several sections of the Family Court Act, the Penal Law, and the Criminal Procedure Law.

The Director of Probation is appointed by the Chairman of the Board of Legislators and must pass a state civil service exam in accordance with the NYS Office of Probation and Correctional Alternatives. The Board of Legislators and the Office of Probation and Correctional Alternatives govern the Department. Within the Department, there are three (3) divisions: the Integrated Juvenile Unit, the Investigation Unit, and the Adult Supervision Unit. In addition to their normal duties, one Senior Probation Officer also serves as the Stop-DWI Coordinator.

The Probation Department is also responsible for collection of court-ordered restitution and various fees. This Agency operates a state-funded alternatives to incarceration program, namely Pre-Trial Release. Probation Officers are trained Peace Officers who are also required to perform home and community visits, collect DNA samples, conduct drug urinalysis, administer alcohol breath tests, monitor GPS surveillance, monitor and enforce ignition interlock, monitor offender's computer usage, take fingerprints, photograph probationers, verify sex offender addresses and track sex offender registrations.

 Emergency Services Dispatch

DESCRIPTION: The Office of Fire and Emergency Management was created by the Jefferson County Legislature in 2001 as a consolidation of the Office of the Fire Coordinator and the Emergency Management Office by Resolution No. 59. Resolution No. 315 of 2002 incorporated the 911 dispatch center into the office, effective January 1, 2003. The main objective of the program is to serve as a local liaison between the Jefferson County Government, all County and State agencies, public and private businesses and the fire and emergency response entities of Jefferson County during times of crisis. While the roles and responsibilities of the two previous offices are still present, this consolidation allows for comprehensive planning and mitigation efforts as well as the seamless transition between the management of day-to-day crisis which occur in our county and the more comprehensive response needed for major events. This movement represents a progressive and forward-thinking commitment to the safety of the citizens of Jefferson County. The 911 Emergency Services Dispatch unit is comprised of 911 dispatcher/telecommunicators who answer all 911 calls, both landline and cellular in Jefferson County and also operate radio systems to dispatch for Jefferson County Sheriff, New York State Police, all Village Police Departments, all County Fire and EMS units and the City of Watertown Fire and Police Departments.

DEPARTMENT: Code Enforcement

DIVISIONS: None

DESCRIPTION: The Department of Code Enforcement and the Director of Code Enforcement were established by Local Law 3 of 2006 to enforce the New York State Uniform Fire Prevention and Building Code in 28 municipalities that chose not to enforce the Code at the local level. The Department employs Code Enforcement Officers and clerical staff to ensure that new construction and areas of public assembly conform to the State mandated code. Proper enforcement of the Code protects property and encourages quality development that enhances public safety and the economy of the County. The office's two major program responsibilities include existing and new building permit administration (i.e. plan review, issuing permits, construction inspection and issuing certificates of occupancy) and mandated fire safety inspections. Other activities include aiding homeowners and developers with construction plans, investigations of violations, and maintenance of a Code enforcement library. In 2022, the Code Enforcement Office entered into a federally funded program to conduct lead paint housing inspections, managing referrals, follow ups and assisting with the quality assurance process.

County enforcement of the Code is authorized by Local Law No. 16 of 1985. Rules and Regulations for County Administration and Enforcement of the Code were adopted by the Board of Supervisors through Resolution No. 281 of 1986, as amended by Resolution No. 79 of 1993.

DEPARTMENT: Community Services Board

DIVISIONS: None

DESCRIPTION: The Community Services Board was created by the Jefferson County Board of Supervisors as authorized by Section 41.05 of the Mental Hygiene Law and services are provided as authorized by Section 41.07 of the Mental Hygiene Law. The Mental Hygiene Law allows the County to receive State Aid provided that the County establishes a Community Services Office with a Community Services Board. The Community Services Board has the responsibility of planning oversight in the three mental hygiene areas of mental health, developmental disabilities and substance abuse services. In addition, the Mental Hygiene Law allows the County to provide the services directly or in contract with not-for-profit agencies for the provision of these services. Jefferson County traditionally has contracted with a number of not-for-profit agencies to provide services to individuals with mental hygiene disabilities.

The Community Services Board and its three subcommittees prepare the County's annual plan to meet mental hygiene service needs in Jefferson County. The plan is developed in conjunction with New York State and is a unified effort between the NYS Office of Alcohol and Substance Abuse (OASAS), NYS Office of Mental Health (OMH) and the NYS Office for People with Developmental Disabilities (OPWDD). Development of the plan includes an assessment of current service capacity, utilization, quality and accessibility. Additionally, projections of future service needs, gaps in services, necessary changes (expansions or reductions), priorities and funding needs are all assessed. The Community Services Board and subcommittees also review all contracted agency budgets for the coming year, any modifications to prior year budgets and funding streams for proposed new programs.

DEPARTMENT: Veterans' Service Agency

DIVISIONS: None

DESCRIPTION: Section 357 of the NYS Executive Law requires each County to maintain a Veterans Service Agency. The Agency Director is appointed by the Chairman of the Board subject to Board approval, bi-annually. It is the duty of the Veterans' Service Director to inform military and naval authorities of the United States and assist members of the Armed Forces and veterans, and their families in relation to (1) matters pertaining to educational training and retraining services and facilities, (2) health, medical and rehabilitation services and facilities, (3) provisions of Federal, State, and Local Laws and regulations affording special rights and privileges to members of the armed forces and veterans and their families, (4) employment and re-employment services, and (5) other matters of similar, related or appropriate nature.

The chart below shows the volume of Contacts and Services, as well as Projections. A CONTACT is a personal visit, phone call, or piece of mail in or out of the VSA. SERVICES are the number of issues addressed per contact. Each new claim represents possible new benefits paid to a county resident. In addition, we routinely review and modify existing claims, which often results in a benefit increase.

* Reduction due to vacant position

** Reduction due to new hire train-up/accreditation

Notes:

1. There was a 19.2 million dollar increase in total VA payments to Jefferson County over the 2021 figures. VA compensation made up 18.4M with medical care increasing by 3.3M. Education and Insurance/Indemnities both decreased.
2. Jefferson County remained highest in NYS for Veterans population per capita. The increase population is associated with the 2021 end of the Global War on Terror and an increase in discharges due to vaccine requirements.

DEPARTMENT: Forestry

DIVISIONS: Forestry

DESCRIPTION: By Resolution 129 of 1993 the Planning Department was assigned responsibility for the activities and duties of the Reforestation Program. A County Forester is employed to manage the forest lands owned by the County. This program began in 1929 when the County, pursuant to County Law Section 219 began purchasing land for reforestation purposes. The County now owns slightly over 5,500 acres which contain mainly forested areas but also a day use park and a modest system of cross-country ski and snowmobile trails. By Resolution 328 of 1998 the County entered into an intermunicipal agreement with the Soil and Water Conservation District for joint management of the forest lands in order to maximize the economic potential of the County's Reforestation areas.

DEPARTMENT: Recycling and Waste Management

DIVISIONS: Administration
Recycling
Transfer Station

DESCRIPTION: The Department of Recycling and Waste Management and the Director of Recycling and Waste Management were established by Local Law No. 3 of 1991 to oversee, coordinate, operate and regulate a comprehensive solid waste management system for the County. The Department operates a Recycling Center to recycle certain materials taken from the municipal waste stream and operates a Solid Waste Transfer Station. In March 2001 the management and administration of this department was placed under the Superintendent of Highways. The general functions of the Department are as follows:

1. Accepts recyclables from municipalities, private haulers, businesses and individuals in Jefferson County and processes and sells the same.
2. Transports recyclables from 22 local recycling centers and several local school districts to the County's Recycling Center in County-provided containers.
3. Assists municipalities and businesses in establishing and managing recycling and waste management programs and provides public information and education about recycling and waste management.
4. Transports waste received from permitted haulers and residential individuals at the Transfer Station to the Development Authority of the North Country (DANC) landfill.
5. Issues Commercial Waste Permits to all users of the Recycling Center and Transfer Station. Also, the Department handles all billing and collections for users.
6. Coordinates with State agencies, DANC, the City of Watertown, and Lewis and St. Lawrence counties regarding issues of common interest in solid waste management.

The operations of this Department are accounted for in an Enterprise fund, which is designed to recapture all operating costs through user fees.

BUDGET AREA: Occupancy Tax Funds

DESCRIPTION: By Local Law No. 1 of 1988 the County imposed a 3% tax on the occupancy of certain hotel and motels rooms. The proceeds of this tax are restricted for use to promote tourism and conventions within the County. Since 1993 the County shares these funds on an equal basis with the Towns and City from which the tax revenues are derived.

Tourism Agencies: Pursuant to Resolution No. 173 of 1996, this budget appropriates funds in support of the Thousand Islands Regional Tourism Development Corporation (TIRTDC), Jefferson County's designated Tourism Promotion Agency. Funding levels are determined by the Board based upon the needs of the TIRTDC for effectively developing a tourism draw from outside of Jefferson County. Additional funding is allocated to Airport Advertising and DPAO for promotion and publicity.
