INTRODUCTION

The Jefferson County Board of Elections conducts all National, State, County, and Town elections. Although the Board of Elections is a County agency, its structure, responsibilities, and its duties are mandated by New York State Election Law, while its administrative procedures, directions, guidelines, rules and regulations are defined by the New York State Board of Elections.

In 1994, the Board had full-time staff of four employees with equal representation of Democrats and Republicans as mandated by New York State Election Law. The Board is administered by two part-time commissioners who each serve two-year terms. The Democratic and Republican parties each select one commissioner whose appointment is confirmed by the County Board of Supervisors. The commissioners each have a deputy who works full-time in the Board office and runs the day-to-day operations of the office. The deputy commissioners are assisted by two registration clerks, and two part-time employees who work approximately four months of the year.

The staff of the County Board of Elections provides the technical, clerical, and mechanical skills necessary to provide services, information and statistical data to County Supervisors, other departments, governmental agencies and the public. The Board office is located in the Jefferson County Office Building, 175 Arsenal St., Fourth Floor. The office is handicapped accessible and open daily to serve the public.

BUDGET

The total 1994 budget for the Jefferson County Board of Elections was \$185,840, allocated to the following:

Personnel costs and benefits, postage, offices supplies, printing costs, travel and education, computer software and digitizing the remainder of our files, after a successful pilot program.

The Board's budget for 1994 was increased \$20,280 from our 1993 budget.

VOTER REGISTRATION

Jefferson County had 43,562 registered voters who were eligible to cast ballots in the November General Election. In August, 43,102 voters were sent the mandated verification notice. Of these, 2,607 notices were returned and 2,100 second notices were sent, resulting in 1,981 cancellations. There were 512 voters who re-registered.

During the year, 442 enrollment changes were processed, and these changes will be effective for the 1995 Primary. There were 150 cancellations received from other counties in New York State and 75 cancellations received from other states.

MAIL REGISTRATION

The Board of Elections distributed 7,525 registration forms: 4,930 distributed by various groups, 450 distributed by local candidates and 1,057 distributed through our outreach program. In addition 451 forms were filled out in our office, for a total of 4,552 forms that were received and processed by the Board.

VOTER OUTREACH

Counter Box Program

The Board of Elections had 75 sites in Jefferson County displaying counter boxes containing registration forms, and we are continually looking for new sites. Counter boxes are on display in banks and post offices, and are restocked on a regular basis by the Board personnel.

High School Voter Registration

During the months of February and March of 1994, the Board's full-time registration clerks visited schools, made presentations to Government classes and registered high school students. One of the high schools in the County which normally does their own registration drive consented to have our personnel come to their school and do a presentation and register their students. The schools and our office were very pleased with the outcome of our visits, which resulted in 403 registrations.

Local Realtors

Each year, the local Realtors Association sends the Board a set of labels containing the addresses of all the Realtors in the county. We use these labels to send each Realtor a supply of registration forms to be included in the packets which are given to their customers. We call the Realtors periodically to see if more forms are needed.

Senior Citizens

The Board's part-time staff visited the local nursing homes to register voters and assist the newly registered voters in filling out absentee applications for those who are confined. A supply of forms and applications were also left with social workers at the facilities.

PETITIONS

There were 14 petitions filed at the Jefferson County Board of Elections by Democratic, Republican, Conservative, and Liberal parties. There were no objections filed against designating petitions. One independent petition was filed, and no objections were filed against this petition.

All of the objections that are filed are researched by the deputy commissioners and ruled upon by the commissioners.

ABSENTEE BALLOTS

For the 1994 Primary Election, 427 ballots were mailed out, 282 ballots were cast and 57 Primary ballots were invalidated.

Of the 1,736 ballots mailed out for the 1994 General Election, 1454 ballots were cast and 90 were invalidated.

Absentee ballots are kept in-house at the Jefferson County Board of Elections, and are counted during the re-canvass of the machine vote. If there is a close vote on the machines in any jurisdiction, absentee ballots are counted immediately for that jurisdiction.

AFFIDAVIT BALLOTS

Special ballots are sent to each election district to accommodate the voter who presents himself to vote when no record can be located for that voters registration. The voted ballots are placed in a completed affidavit envelope and returned to the Board of Elections for commissioners' or deputy commissioners' decision on voter eligibility. On Primary Day, 17 affidavit ballots were voted and after research 6 ballots were declared valid and cast. On General Election Day, 138 affidavit ballots were voted and after research 83 ballots were declared valid and cast.

Ballots were invalidated for the following reasons: registered too late, not registered, deleted, not properly enrolled (primary), did not complete affidavit correctly.

COURT ORDERS

There were 71 court orders for the 1994 General Election.

Lee Clary, County Court Judge, handled court orders on Primary Day, and Peter Schwerzman, Surrogate Court Judge and Hugh Gilbert, Supreme Court Judge, shared the task on Election Day.

ELECTION INSPECTORS

Election law mandates four Election Inspectors, representatives of the Democratic and Republican Party, in each district and requires new inspectors to be trained and tested when they are appointed and every three years thereafter.

The hourly pay range for inspector services varies throughout the County, from \$8.00 an hour to \$4.50. The average pay is around \$6.00 per hour, with most towns paying mileage for return of supplies and attending school.

The Deputy Commissioners conducted an Inspector Training School August 9 through 11 at the North Side Improvement League, 633 Mill St., Watertown, NY. Two three hour sessions were held each day, and a total of 293 Inspectors and Alternates were trained and tested.

In 1994, 109 voters expressed an interest in becoming Election Inspectors, by checking the appropriate box on their registration form. The names of these voters were passed on to the party in which they enrolled, and several voters responded by phone to the request of Inspector interest on the verification postcards that are sent in August. These names were also forwarded to their respective parties.

Inspector records are stored in a computerized database thereby insuring that accurate lists, with the required information, are forwarded to town and city clerks in a timely fashion so Inspectors can receive prompt payment for school attendance as well as Primary and Election Day services.

"Train the Trainer" State Board Training Program

The Jefferson County Board of Elections was represented at the training program conducted by the State Board of Election at their offices in Albany, NY, by the deputy commissioners. The purpose of the program is to develop professional level skills in those who train Inspectors. Both deputy commissioners have successfully completed the original program of two years of training, and one has completed a third year. This kind of training will be on-going with the State Board of Elections. The commissioners and deputies of the Board of Elections also attended training seminars conducted by the Election Commissioners Association and the State Board of Elections concerning upcoming legislation, National Voter Registration Act, and other administrative concerns.

Inspector Newsletter

The Board of Elections sends a newsletter twice a year to each of its Inspectors and Alternates. This has proven to be a great tool in keeping the inspectors up to date on changes in the Election law that may effect them. Also, it is a good way to go over problems that may have occurred on Election Day. As part of our second newsletter this year, we included a copy of our instructions for Election Day, and this appeared to work out very well, for there were no serious problems on General Election Day.

CAMPAIGN FINANCE

New York State Election Law requires candidates and their political committees to file financial disclosure statements at least three times a year with the appropriate Board of Elections. Financial Disclosure refers to campaign contributions and expenditures, not personal income or personal expenses.

The Jefferson County Board of Elections receives all filings of party, county and town committees, and all political committees supporting candidates for office contained within Jefferson County.

The Board Office distributes the New York State Guide to Financial Disclosure booklet, all necessary forms, contribution limitations listings, and filing calendars to all candidates.

Five years of disclosure records are on file at the Board office. As public records, they are open to inspection upon request. Copies may be obtained at 25 cents per page.

POLLING PLACES AND VOTING MACHINES

Jefferson County had 62 polling sites in 1994. All of the polling sites were accessible to the handicapped.

We have 101 voting machines owned by the township or city where they are located. The Board also owns two voting machines which are on hand in case they are needed, and are used to teach our inspectors and machine custodians. Many of the towns and the city allow their machines be used for village elections and school district elections.

NEWS MEDIA

The Board of Elections works very closely with our local news media. The local television station comes into our office several times before elections to keep people reminded of Election Day, and the local radio stations work diligently to keep the voters informed of the many important dates pertaining to the elections. Our newspaper reporters are also working very hard at keeping people informed with sample ballots, and articles about the elections. We have all worked very hard to keep communications open, and we are pleased with the results.

DIGITIZING

The National Voter Registration Act of 1993, which will be implemented in part on January 1, 1995 and fully implemented in January of 1996, makes sweeping changes in voter registration and record keeping. Dramatic increases in voter registration are expected. Records currently kept for 4 years will now have to be maintained indefinitely and the deadline for voter registration will be moved from 25 days to 10 days prior to the Election.

These requirements would have seriously strained the resources of the Board of Elections in personnel, budget and storage if the Board had not been able to provide for electronic storage of its voter registration through digitization. We have replaced the bulky poll record books with a computer generated book, resulting in a savings of time, space and materials. The Board of Supervisors approved the conversion of registration records through digitization and provided the startup funds necessary to purchase the required hardware. A pilot program was completed in November of 1993.

The pilot program which was tried out in 5 election districts was a success and the go ahead was given to complete the digitization of voter registration records in 1994. Through the efforts of the full-time staff of the board office, we were able to complete the conversion of the remaining 40,000 records ahead of schedule. Even though we had budgeted additional funds in our 1994 budget for part-time employees to complete this task, we are happy to report that these funds were not used. Also we are pleased to report that, due to the digitization, we were able to cut the use of temporary employees significantly in 1994.

EMERGENCY 911 ADDRESS CHANGES

The adoption of the emergency 911 system has changed the majority of mailing addresses in the County. The process of changing voter registration records to reflect the conversion was begun by the Board of Elections in 1994, and with the help of the Election Inspectors who worked on Primary and Election Day, we have been able to obtain approximately 60% of the address changes in the county. Also the voters themselves were very helpful in obtaining the changes. When our card check was sent out in August of 1994 the voters were diligent about calling the Board of Elections with their 911 address changes. The latter part of 1994 was spent entering these changes in our computer and this will continue until the task is completed.

SPECIAL ELECTION

In April of 1994, the Governor called for a Special Election in the Town of Watertown to fill a vacancy in a council seat. The seat on the Town Board became vacant when there was a tie vote at the General Election in 1993. Certificate of Nominations were filed by the Republican, Democrat and Conservative Parties, designating their candidates. Ballots were prepared and printed in-house with the help of Data Processing and the Print Shop. Poll books were printed in-house with the help of NTS(via modem). Because the election was called by the Governor, the cost fell on the County, and printing the ballots and the Poll Books in-house kept the cost to the County at a minimum.

COUNTY LEGISLATIVE DISTRICTING

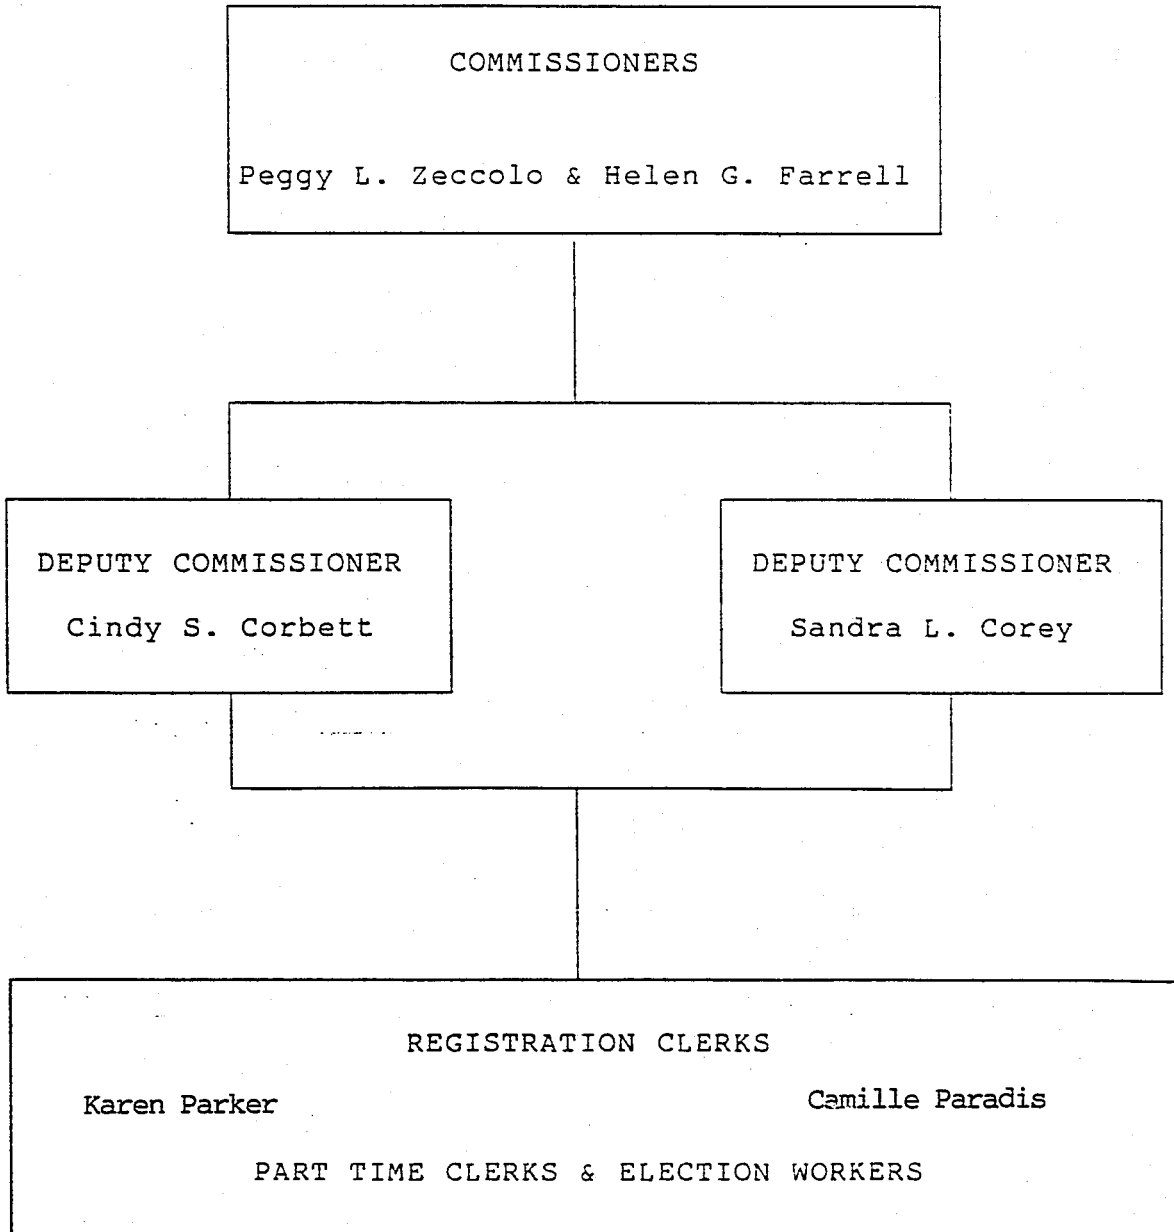

In November, 1994, the voters approved changing to a 15 member County Legislature. Board of Election personnel will have to determine the legislative district for every voter in the county, and mark every registration record to reflect the new district. This process was started in 1994 and will continue till completed.

SUMMARY

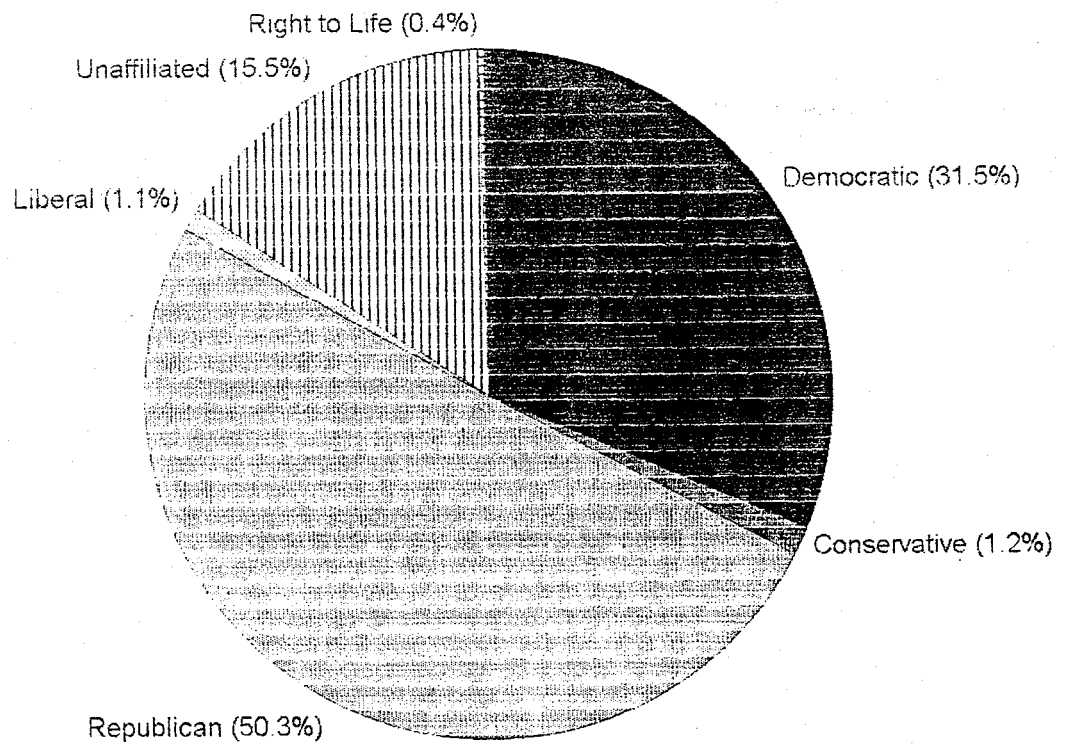

1994 was an unusually busy year for the Jefferson County Board of Elections. Implementing the digitization program, combined with 911 address conversion and legislative district changes increased the workload considerably. However, all the regular work of the Board, as well as the additional work, were handled without the need for additional Board personnel or overtime by full-time staff.

2. Number of districts contacted	<u>12</u>
3. Number of designated liaisons	<u>12</u>
4. Number of schools visited .	<u>9</u>
5. Number of students registered . . .	<u>463</u>

COUNTY JEFFERSON

Please answer the questions below. You may use additional sheets if needed.

- I. **POSTAL PROGRAM** Report your current method of monitoring program supplies at postal sites. What systems are in place to ensure an adequate supply of forms is available at all times.

THE FIRST OF EACH YEAR OUR OFFICE SENDS EACH POST OFFICE A SUPPLY OF FORMS WITH A LETTER ASKING THEM TO PLEASE CALL US WHEN THE SUPPLY STARTS TO RUN LOW. IF WE DON'T HEAR FROM A POST OFFICE IN 60 DAYS, WE USUALLY CALL THEM AND ASK THEM IF THEY NEED A NEW SUPPLY OF REGISTRATION FORMS. THE MAJORITY DO CALL US BECAUSE THEY LIKE THIS EXTRA SERVICE THEY CAN GIVE THEIR CUSTOMER.

- II. **SCHOOLS PROGRAM** Describe any school registration programs conducted in the past year.

WE HAVE TWELVE SCHOOLS IN JEFFERSON COUNTY. EACH YEAR IN FEBRUARY I CALL EACH SCHOOL AND ASK THEM IF THEY WILL ALLOW OUR REGISTRATION CLERKS TO COME TO THEIR SCHOOL AND REGISTER STUDENTS TO VOTE. I ALSO LET THEM KNOW AT THAT TIME THAT OUR OFFICE IS AVAILABLE TO GO INTO ANY OF THEIR CLASSES TO EXPLAIN WHY REGISTERING IS IMPORTANT, WHAT THE NEW YORK STATE POLITICAL PARTIES ARE, WHAT A CAUCUS AND PRIMARY IS, AND ANSWER ANY QUESTIONS THAT PERTAIN TO OUR OFFICE. NINE OF THE TWELVE SCHOOLS HAVE US COME TO THE SCHOOLS TO REGISTER STUDENTS AND SEVERAL OF THEM HAVE US INTO THE CLASSROOM. THE OTHER THREE HAVE US SEND REGISTRATION FORMS TO THEIR COORDINATOR AND THEY DO THEIR OWN REGISTRATION DRIVE. OUR LOCAL COLLEGE HAS A REGISTRATION DRIVE EACH YEAR PUT ON BY THEIR STUDENTS AND I MAKE IT A POINT TO GO TO THE COLLEGE A COUPLE OF TIMES A WEEK DURING THAT TWO WEEK SPAN TO PICK UP REGISTRATION FORMS AND I KEEP IN CLOSE CONTACT WITH THE PEOPLE THAT ARE DOING THE DRIVE SO THEY ALWAYS HAVE ENOUGH FORMS (AND UNDERSTAND WHY IT IS SO IMPORTANT THE FORM IS FILLED OUT CORRECTLY) AND ANSWER ANY QUESTIONS THEY MIGHT HAVE.

COUNTY

JEFFERSON

- III. **MEDIA** Describe any media program, either paid or public service, involving Radio/TV/Print you have conducted. Provide any statistics where possible.

WE HAVE NO SET MEDIA PROGRAM OTHER THAN KEEPING THEM WELL INFORMED. I SEND THEM A LIST OF IMPORTANT DATES AS SOON AS WE RECEIVE THEM WITH A LETTER LETTING THEM KNOW WE'RE HERE TO HELP THEM WITH ANY INFORMATION THEY MIGHT NEED. AS WE GET CLOSER TO THE ELECTION, I ASK FOR FEEDBACK ON ELECTION NIGHT PROCEDURES AND WHATEVER ELSE OUR OFFICE CAN DO TO MAKE IT EASIER FOR THEM. THE DEPUTY COMMISSIONERS WERE ASKED TO GO TO THE LOCAL TV STATION TO BE INTERVIEWED FOR A LOCAL EDUCATIONAL PROGRAM THIS YEAR. A HALF HOUR SHOW WAS DONE ABOUT OUR OFFICE, WHAT WE DO, AND THE RELATIONSHIP BETWEEN THE WORKERS BECAUSE OF THE POLITICAL ASPECT. THIS WAS VERY INTERESTING TO DO AND HOPEFULLY WAS VERY INFORMATIVE TO THE PUBLIC. OUR LOCAL TV NEWS PEOPLE COME INTO OUR OFFICE WITH CAMERAS SEVERAL TIMES A YEAR TO HELP REMIND VOTERS TOO REGISTER AND TOO VOTE. WE FEEL THE MEDIA IS DOING A VERY GOOD JOB IN KEEPING THE PUBLIC INFORMED, AND WE'RE VERY PLEASED THAT WE CAN HELP THEM IN DOING THIS.

- IV. **PRINT RESOURCES** Describe how your board utilizes brochures and posters provided by the state board. Provide quantity used where available.

THE BROCHURES AND POSTERS ARE USED FOR HANDOUTS AND DISPLAYS AT LOCAL COLLEGES, HIGH SCHOOLS, AND COUNTY FAIRS. WE ALSO HAND OUT THESE ITEMS TO ANYONE WHO IS GOING TO HAVE VOTER REGISTRATION DRIVES.

COUNTY JEFFERSON

ACTION PLAN FOR YEAR 1995

Please describe your County Voter Registration Action Plan for the coming year. You should include information relating to your Postal, School, Media and Print Programs, as well as any other programs you may be considering. It is especially important to give a detailed description of your ideas for a school program pursuant to the requirements of Law 3-212.4.

OUR COUNTY VOTER REGISTRATION ACTION PLAN FOR THE COMING YEAR WILL BE THE SAME AS WHAT WE HAVE BEEN DOING. AT THE PRESENT TIME BESIDES REGISTERING STUDENTS AND SENDING REGISTRATION FORMS TO POST OFFICES, WE ALSO SEND REGISTRATION FORMS TO LIBRARIES, REAL ESTATE AGENTS, AND BANKS. WE ARE ALWAYS LOOKING FOR NEW AND DIFFERENT WAYS TO GET AND KEEP PEOPLE REGISTERED AND WE FEEL IT HELPS IF THE PUBLIC HEARS ABOUT OUR OFFICE AND THE WORK THAT OUR OFFICE DOES. WITH THIS IN MIND WE WILL CONTINUE WORKING WITH OUR LOCAL NEWS MEDIAS TO KEEP THE PUBLIC INFORMED.
