ANNUAL PERFORMANCE REPORT ALL HOUSING ACTIVITIES

I. PROJECT INFORMATION (See Page 1 of the APR instructions)

RECIPIENT NAME	Jefferson County					
CDBG PROJECT#	581HR300-18					
REPORT PERIOD	01/01/2021 -	7/26/21	REPORT#	Final	FINAL	V

II. PROJECT STATUS NARRATIVE (See pages 1-2 of the instructions)

A. <u>Please refer to instructions for activity specific questions</u> and provide a summary of the current status including significant accomplishments and milestones of each activity funded <u>during this reporting period only</u>:

This is a housing rehabilitation program that provides assistance in smaller rural communities that cannot compete for CDBG or HOME funding and would have difficulty administering a local program on their own. This county-wide strategy is a better way to address the need for housing rehabilitation assistance in smaller communities throughout the county.

Under this program, CDBG funds are available to cover 100% of the cost of eligible rehabilitation improvements (maximum \$35,000/housing unit) in 1-3 family owner-occupied properties. Absentee-owned rental properties are not included in this program.

We are working with a local non-profit, Neighbors of Watertown, to administer this program. They maintain a database of property owners who are interested in housing rehabilitation; and applicants are selected from that list based on criteria that give preference to those with the greatest need.

To date, eligibility documentation has been collected for 31 applicants (all are single-family properties). We have been working with all of those applicants to complete inspections (including energy audits and lead risk assessments) and prepare detailed work write-ups for the necessary rehabilitation improvements.

24 projects have been approved for rehabilitation under this program. 2 of those projects were approved in this reporting period. All 24 projects have been completed; 9 of them were completed in this reporting period.

Risk assessments are completed on all projects to identify any lead-based paint hazards that must be addressed as part of the rehabilitation project. That work is done by a local engineering firm, Paradigm Environmental Services, under contract with the county. The Work Writeup that is prepared for each project details "interim controls" and/or "abatement" activities that must be completed to address all lead hazards; and before final payment is approved, the contractor must provide a clearance report showing that all lead hazards have been addressed.

100% of the CDBG funds were committed and spent before the grant expired in July 2021.

В.	Provide a detailed description of any problems that are impeding the progress and/or schedule of the project and the efforts taken to resolve the problems.
with	project design is unchanged from what was detailed in the application. CDBG funds were used to finance improvements in substandard homes owner-occupants who qualify as low or moderate income. Projects were selected from across the county based on a priority system that gives erence to owners with very low fixed income and properties with serious deficiencies that are a threat to the structure or the occupants.
c.	For Recipients submitting their Final Performance Report, if the project will not meet the accomplishments as proposed in the application, provide an explanation as to why these accomplishments will not be met.
ve v	the 2018 application, we projected that 24 housing units would be rehabilitated at an average cost of \$27,750 per unit. The actual cost is higher but were able to tap additional resources (HOME, AHC, etc.) that are available from local non-profits to provide matching funds for these activities. original goal has been achieved and 24 homes were rehabilitated with an average cost of \$30,837 per unit under this program.
D.	For all NYS CDBG funded projects awarded on or after December 1, 2019, has the Program Administrative Plan been submitted to OCR?
	YES If yes, date of submission
	NO If no, anticipated date of submission
PΙ	ease note, all projects regardless of prior funding date are encouraged to prepare and submit an administrative plan)
Ξ.	All NYS CDBG funded projects are required to conduct a second (performance) public hearing.
	Based on Exhibit 8-2 in the OCR Grant Administration Manual, has the project met the required threshold for holding the second hearing?
	YES If yes, date of public hearing 1/19/21
	NO If no, anticipated date of public hearing, if known

V. Affirmatively Furthering Fair Housing (see page of the APR instructions)

Recipients of federal funds have a duty to affirmatively further fair housing (AFFH) pursuant to the Fair Housing Act. New York State will monitor the efforts of local government grantees to satisfy and certify their own duty to AFFH. In general, activities that AFFH should promote non-discrimination and ensure fair and equal access to housing opportunities for all. The Grant Administration Manual, Chapter 5 Section VII(E), provides additional information regarding fair housing obligations. To ensure compliance with the AFFH requirements the Recipient is required to:

- a. Display fair housing posters and distribute fair housing materials prepared by New York State, the municipality, US Department of Housing and Urban Development (HUD), or fair housing organizations to community residents, landlords, real estate professionals and lenders;
- b. Pass a fair housing resolution that demonstrates a "good faith effort" in complying with fair housing requirements. The fair housing resolution adopted by the Recipient must also be publicized and promoted within the community; and
- c. Designate a fair housing officer who is familiar with the fair housing regulation, have him or her trained on their duties and responsibilities as a fair housing officer, and, through means reasonably calculated to reach the community, publicize the existence of the fair housing officer as the primary point of contact for all fair housing related issues.

The Recipient shall carry out the AFFH actions within one (1) year of the award of funds and provide to HCR's Office of Community Renewal proof of the activities undertaken as a record of the municipality's activities to satisfy its AFFH requirements.

In addition to the abovementioned required activities, the Recipient's AFFH Checklist should identify which of the below activities will also be undertaken. The below checklist does not include every fair housing activity that a municipality could or should undertake. It is however a good starting point of increasing community awareness, ensuring that clear procedures exist for addressing fair housing complaints, expanding the types of housing choice within the municipality, and generally providing all people with the opportunity to live in a community of their choice without discrimination.

If a Recipient intends to complete an action not included in the AFFH Checklist to satisfy one of the categories from the AFFH Checklist, it must apply to Fair and Equitable Housing Office (FEHO) for permission to do so. Questions related to fair housing obligations and/or the AFFH Checklist must be addressed to HCR's Fair and Equitable Housing Office at (518) 473-3089 or FEHO@nyshcr.org.

Recipients must be prepared to begin reporting on efforts to Affirmatively Further Fair Housing on an annual basis. Reporting will occur on an annual basis through the OCR Annual Performance Report (APR) that is due in January of every year or when submitting a FINAL APR.

AFFH Checklist:

- I. Encourage community input on fair housing matters
- 1. Hold an annual public meeting on fair housing. Provide to HCR an agenda, meeting notes, and reports concerning the steps that will be taken to address fair housing issues raised at these meetings. Include list of attendees/signin sheet, location and date.
- II. Ensure public policy affirmatively furthers fair housing
- 1. Sponsor, or work with a community development/planning organization, rural/neighborhood preservation, or fair housing organization to conduct a survey to assess the community's housing needs, including barriers to fair housing choice.
- 2. Survey special housing needs of minorities and women to determine possible effects of discrimination.
- III. Promote fair housing education
- 1. Elected officials, municipality staff in charge of planning, zoning, building, housing, community and economic development, and their third-party consultants attend a fair housing training program.
- 2. Expert provides a fair housing education and training program for real estate professionals, including developers, sales and rental agents, lenders, and property managers.
- 3. Conduct a meeting with financial institutions that serve the community to discuss the importance of providing financial assistance for housing in all geographic areas and to all residents in the community.

FEHO Section 3 Form (11/2019)

Instructions for Completing the FEHO Section 3 Form

Instructions: This form is to be used to report the accomplishments regarding employment and other economic opportunities provided to low-and very low-income persons under Section 3 regulations of the HUD Act of 1968. This regulation states that "to the greatest extent feasible," an effort must be made to have 30% of new hires be Section 3 residents; and to contract with Section 3 businesses in an amount which is at a minimum of 10% of all contracts for construction work generated on this project, and at least 3% of the total amount for all other contracts (including professional services). This regulation applies to all recipients of housing and community development assistance in excess of \$200,000 expended for: (1) housing rehabilitation (including reduction and abatement of lead-based paint hazards); (2) housing construction; or (3) other public construction projects; and to contracts and subcontracts in excess of \$100,000 (Section 3 Contractors &Subcontractors). Section 3 Residents include local public housing residents, Section 8 voucher holders, participants in Youthbuild programs and low- and very low-income persons. To determine low- and very-low income levels for your area, visit: https://www.huduser.gov/portal/datasets/il/il2019/select_Geography.odn.
Section 3 residents (or who were a Section 3 resident within the last 3 years) and those who provide evidence of a commitment to subcontract more than 25% of the all subcontracts to a Section 3 business. For more information: https://hcr.ny.gov/section-3-compliance

Part I: Employment and Training Opportunities

<u>Column A:</u> Contains various job categories. Professionals are defined as people who have special knowledge of an occupation (i.e.: supervisors, architects, surveyors, planners, and computer programmers). For construction positions, list each trade and provide data in columns B through F for each trade where persons were employed. The category of "Other" includes occupations such as service workers.

<u>Column B:</u> Enter the number of new hires for each category of workers identified in Column A in connection with this award. New hire refers to a person who is not on the contractor's or recipient's payroll for employment at the time of selection for the Section 3 covered award or at the time of receipt of Section 3 covered assistance.

<u>Column C:</u> Enter the number of Section 3 new hires for each category of workers identified in Column A in connection with this award. Section 3 new hire refers to a Section 3 resident who is not on the contractor's or recipient's payroll for employment at the time of selection for the Section 3 covered award or at the time of receipt of Section 3 covered assistance.
